REFEREE'S COMMENTS

Referee Comments:

1. More comprehensive evaluations are needed.
2. Authors must develop original **image/figures** with **high resolution** for proper rendering of the final published paper and should not distort on zooming. The text labels in the images/figures must be clearly visible.
3. **All the listed references must be properly cited in the body of the paper to avoid any copyright issues.**
4. **Conclusion** needs to be **elaborated** mentioning the future scope of the idea.
5. The **Experimental analysis** in the paper is **minimal**. Authors should present the research with detailed analysis.

The paper is **suitable for publication** with IJCA after **minor revisions**. Use **IJCA paper template** for preparation of **camera ready copy (CRC)** of the paper.

Final Checklist for authors:

- Perform Spell and grammar check.
- No word breaks at the end of lines.
- References appear consecutively in the paper.
