Dear Dr. Supit

Attached is the revised proof of your article, "Influence of Ultrafine Metakaolin in Improving the Compressive Strength and Durability Properties of Concrete." Please carefully review author names and affiliations, as well as the article running title on the second page and confirm whether they are appropriate for publication. Note that the email has been removed from the second author affiliation, as ASTM journal style is to only publish the corresponding author email(s). Once we have received your final corrections and confirmation your article will be finalized for publication.

To avoid any delay with publication, please respond as quickly as possible. I apologize for any inconvenience and thank you for your understanding and cooperation.

Kind regards,  
Christopher Cifani  
ASTM Production

Dear Dr. Supit,

Thank you for confirming. We will now resume finalizing your article for publication.

In the meantime, please do not hesitate to let us know if you have any questions or concerns.

Kind regards,

Christopher Cifani  
ASTM Production
