Paper ID : 235/SCESCM2020

Paper Title : Identification Characteristic of Energy Efficient Timber House

Dear Febriane Makalew, Rilya Rumbayan, Novatus Senduk,

With heartiest congratulations, I am pleased to inform you that based on the recommendations of the reviewers and the Scientific Program Committees, your paper identified above has been ACCEPTED for publication and oral presentation in the 5th International Conference on Sustainable Civil Engineering Structures and Construction Materials (SCESCM2020). Thus far, SCESCM2020 conference has received over 150 submissions from various countries and regions, reviewed by local and international experts.

Due to the current worldwide pandemic of COVID-19, the conference organizer has taken a proactive step to postpone the conference, tentatively to 17 -19 FEBRUARY 2021. Regarding that, all the key dates for the conference has been stretched (Please refer to our website for the changes in dates and latest updates).

Herewith, the conference committee sincerely invites you to come and present your paper at SCESCM2020 to be held in Kuching, Sarawak, Malaysia, tentatively on FEBRUARY 17 - 19, 2021. Attached in this email is your acceptance letter for the conference. We have re-attached herewith the result of the reviewer comments and suggestions at the bottom of this email. You may view this comment(s) in your Easychair account.

We believe that the 5th SCESCM 2020 conference is the best platform to build our networking at the international level. The information about this event will be available on the SCESCM 2020 website.

Sincerely yours,

DR. SHEILA A/P BELAYUTHAM
Scientific Committee Chair SCESCM 2020
Faculty of Civil Engineering, Universiti Teknologi
MARA, Malaysia
